PROFILE

Python Developer with expertise in Python, Django, Django REST Framework, HTML5, CSS3, JavaScript, React, MySQL, Git, and RESTful API development. Proficient in developing full-stack web applications, database design, authentication, CRUD operations, and responsive user interfaces. Strong understanding of object-oriented programming, MVT architecture, testing, and software development best practices. Quick learner with excellent analytical, problem-solving and communication skills, seeking to contribute to innovative software development projects.

TECHNICAL SKILLS

Programming Language : Python, JavaScript, SQL
Frameworks : Django, Django REST Framework, React
Frontend Technologies : HTML5, CSS3, Bootstrap
Database : MySQL
Web Technologies : REST APIs, JSON
Soft Skills : Problem-Solving, Communication, Time Management, Quick Learner

EXPERIENCE

Python, Django Full Stack Intern | Luminar Technolab, Kochi, Kerala

Feb 2026 – Present

Developed web applications using Python, Django, HTML, CSS, and JavaScript.
Built and integrated REST APIs with MySQL databases.
Implemented CRUD operations and user authentication in Django.
Collaborated on real-time projects using Git and Agile development practices.

PROJECTS

Job Portal

Developed a full-stack Job Portal using Python, Django, HTML, CSS, JavaScript, Bootstrap, and MySQL.
Implemented Admin, Recruiter, and Candidate modules with secure authentication.
Enabled job posting, job applications, interview scheduling, and application tracking.
Built responsive dashboards and integrated CRUD operations using Django ORM.

Intelligent Traffic Management System

Developed an Intelligent Traffic Management System using Python, OpenCV, Flask, and Raspberry Pi for real-time traffic monitoring.
Implemented vehicle detection and traffic density analysis using live camera feeds to monitor road congestion effectively.
Designed a dynamic traffic signal control mechanism that adjusted signal timings based on real-time vehicle density.
Built a real-time traffic monitoring interface to visualize traffic conditions and support efficient traffic management.

EDUCATION

BACHELOR OF TECHNOLOGY IN COMPUTER SCIENCE AND ENGINEERING

2021 - 2025

Vimal Jyothi Engineering College, Kannur

APJ Abdul Kalam Technological University (KTU)

CERTIFICATION

- **Java Full Stack Developer** - GLOBAL QUEST TECHNOLOGIES
- **Python for Data Science, AI & Development** – IBM
